HERO ACADEMY MISSION BRIEF

Section 4: Powers Discovered Under Pressure

Liam's Hero Mirror Week

Mission Objective

Heroes do not only discover powers during battles.

Sometimes powers appear when:

🤒 Someone is sick
🔄 Plans change
❓ The hero needs answers
😟 The hero feels worried
🛡️ The hero must protect their peace
🤝 The hero asks for help
💪 The hero keeps trying

This mission will help you:

✅ Find strengths you used this summer
✅ Turn real strengths into hero powers
✅ Choose talents your hero has practiced
✅ Create rules for how powers work
✅ Identify limits and warning signs
✅ Choose tools that recharge the hero
✅ Practice using powers responsibly
✅ Build a power-discovery story

MISSION EFFORT RULE

Every question needs an answer.

You do not need the perfect answer. Choose the answer that seems closest today.

When you feel stuck, choose one:

☐ Please read the choices again.
☐ Please explain one of the words.
☐ Two answers feel close.
☐ I need an example.
☐ I need help deciding which answer fits best.

After receiving help, you must choose or create an answer.

“I don’t know” is the beginning of the work, not the finished answer.

THE HERO MIRROR

Each day has three steps.

Step 1: Think About Liam

Think about something you did, noticed, practiced, needed, or handled this summer.

Step 2: Find the Strength or Need

Use choices, word banks, body clues, and sentence starters.

Step 3: Give One Real Piece to the Hero

Your hero must receive at least one:

☐ Real strength
☐ Real need
☐ Real warning sign
☐ Real coping tool
☐ Real fear
☐ Real lesson
☐ Real choice

You may change the details, people, location, or size of the event.
